

## PARTS LIST

| NO. | Part name                                        | QTY | NO. | Part name                             | QTY |
|-----|--------------------------------------------------|-----|-----|---------------------------------------|-----|
| 1   | Upper pressing plate                             | 1   | 22  | Armature                              | 1   |
| 2   | Lower pressing plate                             | 1   | 23  | Creeper retainer                      | 1   |
| 3   | Output shaft                                     | 1   | 24  | Bearing                               | 1   |
| 4   | Dust ring                                        | 1   | 25  | Bearing sleeve with plate             | 1   |
| 5   | Grinding wheel cover                             | 1   | 26  | Cross recessed pan head tapping screw | 2   |
| 6   | Front cover                                      | 1   | 27  | Stator                                | 1   |
| 7   | Cross recessed pan head screw (elastic flat pad) | 4   | 28  | Housing                               | 1   |
| 8   | bearing                                          | 1   | 29  | Cross recessed tapping screw          | 4   |
| 9   | Elastic retainer ring for hole                   | 1   | 30  | Carbon brush                          | 2   |
| 10  | Big gear                                         | 1   | 31  | Brush holder                          | 2   |
| 11  | Needle bearing                                   | 1   | 32  | Coil spring                           | 2   |
| 12  | Self locking pin                                 | 1   | 33  | Switch                                | 1   |
| 13  | Head                                             | 1   | 34  | Crimping plate                        | 1   |
| 14  | Cross recessed pan head tapping screw            | 4   | 35  | Cross recessed tapping screw          | 2   |
| 15  | Self locking spring                              | 1   | 36  | Rear cover                            | 1   |
| 16  | Self locking cap                                 | 1   | 37  | Cross recessed pan head tapping screw | 1   |
| 17  | Nut                                              | 1   | 38  | Sheath                                | 1   |
| 18  | Small gear                                       | 1   | 39  | Dustproof insert                      | 2   |
| 19  | Elastic retainer ring for hole                   | 1   | 40  | Cable plug                            | 1   |
| 20  | Bearing                                          | 1   | 41  | Wrench                                | 1   |
| 21  | Wind shield                                      | 1   |     |                                       |     |
